**Title : “CHILDINVPRESS “ Project - Integration and school dropout among Romanian children in Italy, San Marino Republic and Romania**

**Period of the project: November 2025 - June 2026**

**The target group: Romanian students from primary, middle, and high school**

**Specific objectives:**

1. Analyze school dropout rates among Romanian students in different regions of Italy, Romania and San Marino Republic ;
2. Document effective integration programs and identify those that are completely missing;
3. Identify replicable successful educational models;
4. Assess the real possibilities of return and reintegration into school in Romania for returning children.

This project also aims at a concrete dialogue with decision-makers in all partner countries.

**In this sense, the project will aim to:**

1. Analyze the dropout rates among Romanian students in different regions of Italy , Romania and San Marino Republic;
2. Document existing integration programs, focusing on those that produce concrete results, but also identifying areas where such initiatives are lacking;
3. Highlight successful educational models, applicable in similar contexts;
4. Investigate the real possibilities of school reintegration in Romania for children returning home.

**Results:**

1. Production of a video report.
2. Broadcast on a stronger TV channel or media, interesting to be involved as a partner.
3. Italian, San Marino and Romanian school guide suitable for Romanian students, for students studying in Italy, San Marino Republic and Romania for students returning to Romania.
